Hi Keith

Just a note to thank you for the incredible service you have provided us over the last 2 years. Your team has completed 10 projects for us and all of them have been handled with the same professionalism regardless of the size or location.

You have aligned your team to focus on what is important for our business needs, that being, on time, on budget and no lingering issues after opening.

I am looking forward to many more projects in the future.

Thanks again,
