

Patrick Lealess
Operations Manager

Born on March 11 1982, Patrick was raised on a farm in a small community in South Western Ontario. His childhood earned him attributes to the trade as well as discipline and a hard work ethic. He has finished his OSSD and is nearing his Journeyman Carpenter degree and will be continuing education for a Civil Technician.

Patrick has worked his way up from a formwork carpenter up to a finish carpenter before he became a foreman for a high end residential builder in Ontario. He then explored the reins of creating and managing a business in Australia. Now residing in Calgary, he has been in a superintendent role for 3 years. Patrick has been in the construction industry for 10 years.

Patrick, a professional and effectual leader with a proven ability to excel in the construction industry is striving to teach the trade and create a more knowledgeable team around him. He has a passion for gaining an enjoyable relationship with clientele and enjoys on and offsite duties and tasks.
